

28th ENFSI DWG annual meeting 2 - 4 May 2023 ***Joint Research Centre, Ispra***

The 28th ENFSI Drugs Working Group Annual Meeting will be held at the [Joint Research Centre \(JRC\)](#) of the European Commission in [Ispra](#).

The local organiser is the JRC with the support of the [Division of Mass Spectrometry of the Italian Chemical Society](#).

The European Network of Forensic Science Institutes (ENFSI) was founded in 1995 with the purpose of improving the mutual exchange of information in the field of forensic science and quality of forensic science delivery in Europe. ENFSI therefore has been recognized as the monopoly organisation in the field of forensic science by the European Commission.

The Drugs Working Group of ENFSI acts as a platform to enhance professional capability in the field of forensic drugs analysis. It enables and promotes the exchange of information on new developments and trends in seized drugs analysis. The Group acts to improve the knowledge base of its members and supports them in enhancing and maintaining their competencies. It also promotes attainment of accreditation by member laboratories. The Group strongly encourages research and development and supports projects that contribute to this.
